

**COMFORT SAFETY PRODUCTS, INC.**

***PROTECTIVE CLOTHING***

**2012**

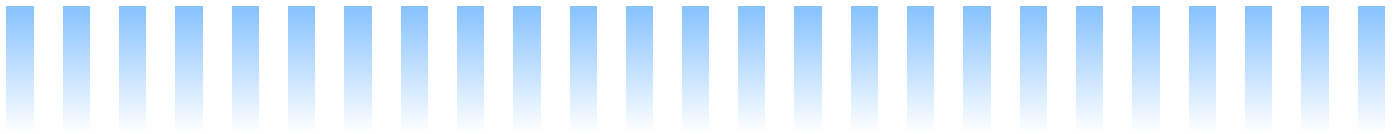

Comfort Safety Products, Inc. is a leader in the supply of high-quality Healthcare and Safety Disposables. Our objective is to help workers in any industry to reduce the risk of exposure to splashing blood, body fluids, chemicals and/ or other dangerous or potentially infectious material they may come into contact with on the job.

Our ComfortShield™ line includes a full range of disposable clothing products designed to meet your specific job requirements. All of our products are tested to meet applicable industry standards to give you quality protection at an economical price.

We can also custom design and manufacture, print, kit pack and warehouse products to meet your requirements.

With distribution points in the US and Europe, we can get you the product you need when you need it to keep you safe on the job. Please contact us if you would like further information, samples or to place an order.

**IMPERVIOUS ISOLATION GOWN**

These gowns are made of high-quality coated spunbonded material. They give you the highest level of fluid protection to help prevent exposure to blood, body fluids and other potentially infectious materials.

ORDER #: 5020 ELASTIC WRIST/ OPEN BACK

ORDER #: 5030 KNIT CUFFS/ CLOSED BACK

SPECIFY **BLUE**(BL) OR **WHITE**(WH)

SIZES: UNIVERSAL - EXTRA LARGE

50 PER CASE

**SPECIFICATIONS**

Sized for extra room and better movement.

Attached waist ties and a tear away neck that allows easy removal and safe disposal.

**COMFORTSHIELD™ GOWN with THUMBLOOPS**

The gown is impervious to fluids and has a one-piece design that helps reduce the risk of exposure to blood, body fluids and other potentially infectious materials. The gown is also an effective barrier against staphylococcus aureas strike-through. The unique thumbloops design helps prevent leakage between the glove and sleeve.

ORDER #: 5051BL

SIZE: UNIVERSAL

100 PER CASE

**SPECIFICATIONS**

1.25 mil thick

One-piece over the head neck loop and built in back ties

Manufactured from USDA Accepted materials

**PE APRON**

Economical and lightweight our PE Aprons help protect food and product from contamination while reducing the users risk of exposure to dirt, grime and liquid splash. Provides protection in wet applications and resists many fats, oils, greases and chemicals.

ORDER #: 5120WH – 24X42 INCHES

ORDER #: 5125BL – 28X46 INCHES

ORDER #: 5125WH – 28X46 INCHES

100 PER BOX / 10 BOXES PER CASE

**SPECIFICATIONS**

28 x 36 inches

Over the head neck loop and sewn on back ties

**COATED APRON**

Non-woven apron with fluid resistant coating provides more durability than PE aprons for applications requiring lengthy wear. Over the head neck loop and sewn on back ties.

ORDER #: 5110WH

100 PER CASE

**SPECIFICATIONS**

6 mil thick

**VINYL APRON**

Made from high quality virgin vinyl for superior resistance to acids, alkalis, solvents, chemicals, oils, fats, grease, and salt. These vinyl bib aprons also provide reliable tear, abrasion, and puncture resistance. Used with food processing, industrial maintenance, and other hygienic applications.

ORDER #: 5163BL – 35 X 45 INCHES (RAW EDGE)

ORDER #: 5165BL – 35 X 48 INCHES (DIE-CUT)

72 PER CASE

**SPECIFICATIONS**

20 mil thick

36 x 50 inches

**VINYL APRON with STOMACH PATCH**

Apron provides reliable tear, abrasion, and puncture resistance with a heavy-duty stomach patch for extended wear. Superior resistance to acids, alkalis, solvents, chemicals, oils, fats, grease, and salt.

ORDER #: 5180GR

96 PER CASE

**SPECIFICATIONS**

- Spandex waist
- One pocket
- Reinforced crotch

**SCRUB PANTS**

Extremely soft and comfortable against the skin while providing a visible barrier and exceptional breathability keeping you cool and dry. This fluid repellent material delivers high bacterial filtration rates with low particle counts reducing your contamination concerns. It is also static dissipative, perfect for applications that require an ESD material.

ORDER #: 5600BL

SIZES: SMALL - 4XL

30 PER CASE

**SPECIFICATIONS**

- Round banded neck
- One pocket

**SCRUB TOP**

Extremely soft and comfortable against the skin while providing a visible barrier and exceptional breathability keeping you cool and dry. This fluid repellent material delivers high bacterial filtration rates with low particle counts reducing your contamination concerns. It is also static dissipative, perfect for applications that require an ESD material.

ORDER #: 5650BL

SIZES: SMALL - 4XL

30 PER CASE

**SPECIFICATIONS**

- 2 Pockets
- Knit cuffs and collar
- 5 Snaps

**LAB JACKET**

The cost-effective to the waist solution when you need a limited duty garment for dry, non-hazardous environments. The material acts as a moderate barrier to fluids.

ORDER #: 5750

SPECIFY BLUE(BL), PINK(PK) OR WHITE(WH)

SIZES: SMALL - EXTRA LARGE

30 PER CASE

**SPECIFICATIONS**

- 3 Pockets
- Knit cuffs and collar
- 5 Snaps

**LAB COAT**

The cost-effective solution when you need a limited duty garment for dry, non-hazardous environments. Choose our lab coats when you simply need to protect your clothes and still stay cool and comfortable. The material acts as a moderate barrier to fluids.

ORDER #: 5700

SPECIFY BLUE(BL), PINK(PK) OR WHITE(WH)

- ORDER #: 5593WH Elastic Wrist with Hood and Boots
- SIZES: S - 4X
- 25 PER CASE

**SPECIFICATIONS**  
Sized per ANSI Standards

**POLYPROPYLENE COVERALL**

Ideal for use in non-hazardous environments where general protection from dirt and grime is needed. Can be used by hospitals, clinics, laboratories, food-processing facilities and in paint applications.

- ORDER #: 5510WH Open Wrist and Ankles
- ORDER #: 5511WH Elastic Wrist and Ankles
- ORDER #: 5512WH Elastic Wrist and Ankles with Hood
- ORDER #: 5513WH Elastic Wrist with Hood and Boots
- SIZES: S - 3X
- 25 PER CASE

**SPECIFICATIONS**  
Sized per ANSI Standards

Sterility Assurance Level: Method 1 validated and terminally sterilized using gamma irradiation to yield a minimum SAL of 10<sup>-4</sup>. Processed to ensure 1 or fewer colony forming units in 10,000 garments.

**MONITORED ENVIRONMENT COVERALL**

Eliminate bioburden risks to your manufacturing and R&D areas with the exceptional containment performance, 10<sup>-4</sup> SAL processing and ultra low particle count of these coveralls. The fabric contains 99.9% of all particles 0.3 microns and larger transmitted from the wearer, eliminating contamination concerns. The strong, lightweight, static dissipative material also exhibits a high vapor transmission rate to dispel perspiration for cool, comfortable, all-day wear. Protects the wearer from chemicals, particles and biologicals, too.

- ORDER #: 5576WH Elastic Wrist and Ankles
- ORDER #: 5578WH Elastic Wrist with Hood and Boots
- SIZES: S - 5X
- 25 PER CASE

**SPECIFICATIONS**  
Sized per ANSI Standards

Complies with NFPA 701 Flame Propagation Test  
  
Thermal mannequin tested according to ASTM F1930

**FIRE RETARDANT COVERALL**

Durable coveralls are breathable for comfortable wear they are ideal for welding, grinding, oil refining, and utilities applications. Specifically designed for areas where exposure to sparks is possible. Can be worn over traditional work coveralls for an added layer of protection.

- ORDER #: 5580WH Open Wrist and Ankles
- ORDER #: 5581WH Elastic Wrist and Ankles
- ORDER #: 5582WH Elastic Wrist and Ankles with Hood
