

**COMFORT SAFETY PRODUCTS, INC.**

***Hand Protection***

**2012**

One of the most important things in workplace safety today is choosing the right glove. When selecting an appropriate work glove, there are a few things to consider: Protection level required to safely accomplish the job, fit and comfort of the glove, allergy concerns and cost.

Comfort Safety Products, Inc. is a leader in the supply of high-quality Healthcare and Safety Disposables and has a full range of glove products to meet all of these requirements to give you the glove you need to get the job done safely and economically.

We can also custom design and manufacture, print, kit pack and warehouse products to meet your requirements.

With distribution points in the US and Europe, we can get you the product you need when you need it to keep you safe on the job. Please contact us if you would like further information, samples or to place an order.
